\* Effects of a maturity extension on the structure of the Pfandbriefe / Extension scenario: 12 months. This is an extremely unlikely scenario, which could only materialise after the appointment of a cover pool administrator (Sachwalter).

### Further information on the maturity extension of the Pfandbriefe:

Prerequisites for the maturity extension of the Pfandbriefe:

The maturity extension is necessary to avoid the insolvency of the Pfandbriefbank with limited business activities ("Pfandbriefbank mit beschränkter Geschäftstätigkeit") (prevention of insolvency), the Pfandbriefbank with limited business activities is not overindebted (no existing overindebtedness) and there is reason to believe that the Pfandbriefbank with limited business activities will in any case be able to meet its liabilities then due after expiration of the maximum possible postponement period, taking into account further postponement possibilities (positive fulfilment prognosis). See also § 30 para. 2b PfandBG.

The cover pool administrator may extend maturities if prerequisites pursuant to § 30 para. 2b PfandBG are met. The administrator shall determine the postponement period, which may not exceed a period of 12 months, as necessary.

The cover pool administrator may postpone the due dates of redemption and interest payments that fall due within one month after his appointment to the end of this monthly period. If the cover pool administrator decides such a postponement, the existence of the prerequisites pursuant to § 30 para. 2b PfandBG shall be irrefutably presumed. Such a postponement shall be taken into account within the maximum allowed postponement of 12 months.

Authority of the cover pool administrator in the event of maturity extension of the Pfandbriefe

The cover pool administrator may only exercise his authority consistently for all Pfandbriefe of an issuance. In doing so, the maturities may be postponed in full or on a pro rata basis. The cover pool administrator shall postpone the maturity for a Pfandbrief issue in such a way that the original order of payments for the Pfandbriefe, which could be overtaken by the postponement, is not changed (prohibition of overtaking). This may have the effect that issues with longer maturity will also be postponed in order to comply with the prohibition of overtaking. See in addition also § 30 para. 2a and 2b PfandBG.
